Motivated and dedicated computer science student with a passion for artificial intelligence. Proficient in programming languages such as C, C++, Python, JavaScript and Java. Strong problem-solving and analytical skills. Eager to apply knowledge and skills to real-world projects. Seeking opportunities to contribute to cutting-edge technologies and make a positive impact in the field of AI.

Education

Bachelor's Degree - Computer Science and Artificial Intelligence

2021 - 2025 (Expected)(GPA:3.57)

Helwan University, Cairo

I am currently pursuing a bachelor's degree in computer science and artificial intelligence. Gaining a solid foundation in programming languages, algorithms, and machine learning. Actively involved in coursework and projects that explore cutting-edge technologies and their applications. Seeking opportunities to further develop skills and contribute to the field of AI.

Projects

- E-Commerce Web Application (MERN STACK)
- Vaccination Scheduling Platform (JAVA SPRING BOOT)
- Website inspired True caller (PHP)
- Crime detection (spark streaming)

Skills

Computer and Programming Skills:

- Fundamental programming knowledge
- Understanding of data structures
- Experience with object-oriented programming
- Strong problem-solving abilities
- Familiarity with web development basics
- Proficient in the MERN stack (React, Node, Express, Mongo DB)
- Experience with Spring and .Net Frameworks
- Knowledge of MySQL, SQL Server, PostgreSQL, and Oracle databases
- Experience with Git and GitHub
